

A woman with dark hair and blue eyes is the central figure. She is wearing a shiny, metallic pink dress with a sequined belt at the waist. Her arms are raised; one hand is behind her head, and the other is resting near her chin. She is looking over her shoulder towards the camera with a serious expression. The background is dark, making the shiny fabric of her dress stand out.

Jeffrey Emmenis *Partner*

Jeffrey's career in private aviation began in 2001 when he joined International Jet Services as a Charter Sales Analyst. This comprehensive and strategic introduction to the private charter industry was followed by two years as a Senior Broker at Air Charter Service. Jeffrey was also a founder and Charter Sales Manager for The Charter Company (a Twinjet subsidiary). In 2008 he moved to Zurich and joined Comlux Aviation as the Head of Aircraft Management for Fly Comlux. Jeffrey is a founding member of 28 East Group GmbH. In 2010 he launched Vertis Aviation together with Luca and Erica.

ABOUT

Providing sophisticated solutions in private aviation

Vertis Aviation is a unique boutique practice with unparalleled experience and commercial creativity. We deliver through exclusive direct charter of our own luxury fleet or through our ability to negotiate innovative charter brokerage contracts.

The Vertis fleet is an optimised portfolio of premium private aviation heavy jet aircraft types and includes an outstanding example of the Airbus Corporate Jet. Vertis provides a bespoke approach for select clients whose needs match the design of our aircraft fleet in terms of profile, positioning and availability. We also offer independent private aviation consultancy and intelligent aircraft management and marketing.

Vertis Aviation is a subsidiary of 28 East Group. For more information, visit the 28 East website.

BROKERAGE

Luxury aircraft charter designed for you

We offer our own portfolio of luxury aircraft for private charter and we also have access to hundreds of other aircraft worldwide through our preferred network of owners and operators. Whatever size of private jet you need and wherever you need to fly we can quickly find you a suitable aircraft anywhere in the world.

Our expert team of independent professional charter brokers and flight managers will help you design your itinerary and carefully manage every part of the flight for you. We pay particular attention to the smallest details.

We connect you with the best industry intelligence and professional expertise. We are committed to evolving new and innovative private aviation ways to fly.

Vertis Aviation celebrates five-years anniversary at NBAA

Switzerland-based Vertis Aviation is marking its five-year anniversary this fall as it makes its second appearance at the National Business Aviation Association Convention (NBAA) in Las Vegas on Booth N5222. The company will be talking up its expanded ultra-long range fleet and its recent additions – a Gulfstream G650, Boeing Business Jet (BBJ), and an Airbus ACJ319, enabling Vertis to connect the USA with the rest of the world.
